

AL-500(LED)

Single Door Magnetic Lock

Features

- Electric lock, no residual magnetic, no mechanical wear, single door
- LED indicator
- Lock state output: NO/NC signal
- Suitable for any door with frame
- Silicon steel

Technical Specification

Electronic

Rated voltage	DC12V
Rated current	≤280mA

General

Anti-pull	500kg
Open inward door	Equipped with AL-500PL and AL-500PZ stents
Overall dimensions	253*65*40mm
Weight	4.55 kg

Working Environment

Working temperature	-30°C~+60°C
Working humidity	≤95%
